

PART No: TWSR-10-2-C

Thorworld Sleeping Policemen are highly effective in reducing vehicle speed. Supplied in pairs, one black and one yellow to indicate potential hazards, giving a 500mm length. The modular assembly gives great versatility, the units can be used permanently or temporarily for on-site hazards after which they can be moved into a new location. This model includes reflective studs for improved after dark visibility. They are recessed into the surface of the ramps, and are red in colour for improved alertness in dark applications.
